the 14th of June

**Sports for all Day:**

3rd-6th: 8th of  
June

J1-2nd Class: 9th of  
June

## Update: Painting with Emily

On the 20th of May Emily came in to gather ideas of what to paint on the wall outside. She went to each classroom in the school. Next we had to paint the wall white. It took about five days and two buckets of paint. Then Emily came back to do the outline and to start painting. Finally she finished the outline of the two frames; one had the solar system and the other one was of Ballyleague. Emily came back on the 1st of June and we started to paint the remainder of our mural. It looks fantastic so far!

## Community Games 2022

The Community Games took place on the 12th of May. We all were so excited! We had to be at St.Faithleach's GAA grounds at 6:00pm. Our jaws dropped when we saw each other including James and Cathal. Leighton , Emma and Katie also took part. Unfortunately, Corey was injured so he was there for moral support. We competed in events such as the long put, long throw, 100m run, 600m run, 800m run, hurdles and javelin. Well done to James, Conor, Cathal and Leighton who all won medals. The county finals are taking place on Sunday the 5th of June in Athlone. Best of luck to everyone who will be taking part.

## Soccer Blitz in Lanesboro

The Boys in Fifth and Sixth Class took part in a soccer Blitz in Lanesboro on the 12th of May. We played five teams in total. We played against Newtowncashel, Kiltreevan, Ballyfeeney, Cloontagh and Lanesboro. We drew three games and lost two. A big thank you to Eamon Bolger who organised the blitz. We had a great day out!

## The Lake Isle of Innisfree

In the month of May, we studied the poem 'The Lake Isle of Innisfree'. The poem was written by William Butler Yeats also known as WB Yeats. This man was born in Dublin but adored Sligo. William had a brother that was also famous. His name was Jack B Yeats. Jack became a famous artist like his father. Ms Fallon got some wallpaper and I wrote the poem in cursive. After the class drew pictures for each line. The result was amazing but we kind of struggled to stick it on the wall!

## The Day at the Park

It was an ordinary day of school, except that later it turned out to be extraordinary! First of all we got 10 stars so we got to pick a surprise from the rewards bag. I got to pick it and it read "go to the park to get ice-cream".

A few minutes later we were walking down the path with Ms, Fallon carrying a bag with something in it. We played for about 10 minutes but then it started raining. We hid under the zip line and waited. And waited. Finally teacher opened the bag and we did a lucky dip, I bit into mine and you'll never guess what my taste-buds were screaming at me. It was sooo delicious. I ate it in two minutes. After that we went back to school.

## Road safety competition

*First things first we had to draw a poster about road safety and submit it in to the competition. The three winners in our school were Eoghan, Emmie and Emma.*

*Eoghan's point of view.*

*Our parents brought us to the art centre in Roscommon. We went in and got our prizes. Emma came first, I came second and Emmie came third. After that we had tea and went back to school.*

## Beebots and Buddy Reading

This month 5th and 6th class went down to Junior and Senior Infants to help them with reading. We got to do Beebots with them too. I loved helping them learn and playing with them. With the Beebots there was many paths. Each button pointed a different way. All of us had so much fun!

## Gaelic with Ollie

We started Gaelic football on the 19th of May. Our coach's name is Ollie. He also trains the Roscommon ladies. We do half an hour of training every Thursday. Third and fourth class do training before us. We always play a short match after doing this activity.

By Cathal and James

## Cycling with Roscommon Sports Partnership

On the 30th of May, we did cycling. We learned how to properly ride a bike with Dave and Ross. We have 2 out of 4 lessons done. We learned how to properly brake and how to properly check the bike. We had to learn how to get on and of the bike too. To get on a bike properly you have to pull your brake, stand on the left stand of the bike, tilt the bike and hop on. There were two groups, a few people went down to the basketball court and the rest stayed up in the Junior yard. On the next training session Dave and Ross are bringing the 5th and 6th class onto a road in an estate. To make sure your helmet fits you have to be able to fit two fingers under your chin. After 2 minutes you will forget the helmet is even there! We learned that we have to be half a metre away from the path and about a bike's length away from the person in front.

## Girls' Gaelic Football Blitz

On the 26th of May it was the day of the girls gaelic football blitz. On Thursday at five past ten in the morning the 4th 5th and 6th class girls packed up our boots and gumshields and our lunches. When we were all ready we lined up and we walked up to Faithleach's pitch and warmed up. Then someone came over to tell us that we were up next. We played our first match and won. Our second match we lost. Then we won our last two. Before we left a man gave us a bag of crisps and a chocolate bar. Then we walked back to school. We had a very fun day.
